## THE PRESIDENT'S MESSAGE

I love March for one reason - we change our clocks forward! I have so much more energy when it is lighter later, and to me it's always a sign that Spring is not far beyond. Here and there we have a beautiful day to encourage us. I just saw yesterday some of my early bulbs have popped up just a bit. Very exciting.

We are only a couple of months away from our major fundraiser - our 72nd Annual Home & Garden Tour on June 13 and 14, 2019. Tickets are already available on our website, and you'll soon be hearing about volunteer sign-ups. Many, many volunteers are needed to make this event a success. If you already know how you want to help, just reach out to Lois James or Carla Maurer and they will be very glad to hear from you!

Happy Spring,

*Jan Lindstrom*

### TOUR OF HUDSON HERB SHOP Tuesday, March 12 @ 10:15am

*Sherry Beam, Herb Chair*

Karen Marks, owner of Heather's Heat & Flavor store located at 94 First Street (First and Main shopping district) will do a presentation on using herbs and spices to create seasonings. The Herb Group is in for a treat — this specialty store has the best variety of herbs, spices, rubs, salts, peppercorns, teas, salsas, hot sauces and all the accessories that go with them. This has been my go to store since it opened for all the many creative seasoning and rubs I have and continue to create.

With the Herb Group's emphasis on herbs and spices and how they are used, Karen will have the group make and take home a seasoning at this session. Check out their website: [www.heatandflavor.com](http://www.heatandflavor.com).

We will meet at the shop on Tuesday, March 12 at 10:15am. Reservations are required. **There is a size limit due to space. Please RSVP to Sherry Beam, (330-573-6353) or [sherrybeam@hotmail.com](mailto:sherrybeam@hotmail.com) by March 9.**

## HOW IT ALL BEGAN

*From Hudson Garden Club Archives*

Have you ever wondered how the Home & Garden Tour came to be? With the help of well kept records in the HGC archives we are able to travel back in time and see when and where the seed was planted and how it has grown.

In June 1947 the Wooster Garden Club proposed a visit to 11 Hudson gardens. The members were received at the garden of Mr. & Mrs. W. D. Shiels.

As a result of the enthusiasm on the part of the Wooster Garden Club over the Hudson gardens, the Board proposed that a Pilgrimage of gardens be planned for June of 1948. The price of admission was 50 cents and about 40 people visited 11 gardens with net proceeds of \$24.50. Thus the Hudson Home & Garden Tour was born under the name of Pilgrimage.

The 1949 Pilgrimage was planned to coincide with the Hudson Women's Club Antique Show. Admission was kept at 50 cents and 178 people made the tour for net proceeds of \$67.52.

In 1950 Mrs. Andrew Jyurovat was named chairman of the Pilgrimage and proceeds of \$96.43 were given to the Memorial Garden Fund.

In 1951 there were 202 visitors and net proceeds were over \$100. Mrs. Andrew Jyurovat continued as chairman in 1951 and succeeding years.

1952 brought 602 visitors with net proceeds of \$300. Visiting homes as well as gardens was introduced for the first time.

We will continue to bring you more facts and bits of nostalgia as space allows in the monthly newsletters. Seventy-two years and going strong. See you at the 2019 Home & Garden Tour!!

## 2019 HOME & GARDEN TOUR UPDATE

*Lois James, Tour Co-Chair*

The 2019 Tour plans are in full swing for our 72nd Annual Tour! The first Head Hostess meeting was February 17 so those of you who signed up to hostess a home or garden or work in the Garden Shop should be getting a call or email very soon. If you have not been contacted by April 19, please notify Carla Maurer [cbmaurer@roadrunner.com](mailto:cbmaurer@roadrunner.com). On the Tour this year are three lovely gardens (two shade), one completely renovated home, one home with many family antiques and a garden, one eclectic village home and small patio with water feature, and one large completely remodeled traditional home with a stone patio. So, mark your calendars for June 13 and 14. If you can't make it, think ahead about buying a ticket anyway to support the HGC! (Give it to the person who does your hair, your neighbor, someone in your card club, someone at church, etc.) They won't come alone -- so you'll be helping with ticket sales. Thank you -- from the 2019 Tour Chairs!!

## FIELD TRIP TO SITES IN PITTSBURGH

**Thursday, April 4, 2019**

*Barb Earnhardt, Field Trip Chair*

**Phipps Conservatory and Botanical Gardens** is a botanical garden set in Schenley Park, Pittsburgh, Pennsylvania. It is a City of Pittsburgh historic landmark and is listed on the National Register of Historic Places. At their all-new Spring Flower Show, "Gardens of the Rainbow," we will be inspired by "all of the colorful sights and scents awaiting us at every turn. A new level of sensory splendor awaits through abundant beds of tulips, hydrangeas, daffs, snapdragons, primula, lilies and additional Spring flowers in a marvelous rainbow of color. From warm oranges to cool blues and show-stopping silvers, these breath-taking displays creatively capture the bright, brilliant spectrum of Spring." And we are all ready for the sweet scent of Spring in the air and some color in our lives as winter drags on!

The gardens were founded in 1893 by steel and real-estate magnate Henry Phipps as a gift to the City of Pittsburgh. Its purpose is to educate and entertain the people of Pittsburgh with formal gardens (Roman, English, etc.) and various species of exotic plants (palm trees, succulents, bonsai, orchids, etc.) Currently, the facilities house elaborate gardens within the fourteen room conservatory itself and on the adjoining grounds. In addition to its primary flora exhibits, the sophisticated glass and metalwork of the Lord & Burnham "Crystal Palace" conservatory offers a fine example of Victorian greenhouse architecture.

Phipps is one of the "greenest" facilities in the world. The entrance pavilion of the Phipps Conservatory has silver-level LEED certification. Its greenhouse production facility has received Platinum certification, the first and only greenhouse to be so certified.

After an included lunch at the Church Brew Works, a restaurant brewery in a historic church, we will visit the Nationality Classrooms of the University of Pittsburgh depicting Pittsburgh's ethnic community.

Leave: 8:00am from Life Center back parking lot.  
Return: 6:00pm

Includes: deluxe motorcoach, lunch, all tours & admissions **\$78/person CODE: 1908**

**RSVP, questions, payment by March 28 to Carolyn Szachta, Travel Director: [travel@lifecenterplus.com](mailto:travel@lifecenterplus.com) or 330-655-7487. ## GENERAL MEETING MINUTES February 21, 2019

On Thursday, February 21, 2019, forty members and guests gathered to hear the presentation given by Andrew Perneti, founder of the start-up seed and nursery company, Western Reserve Heritage Seed Company.

President, Jan Lindstrom, opened the meeting by presenting the 2019 HGC budget and calling for a vote of the general membership. The budget was approved unanimously. She also encouraged volunteers to sign up to work a shift at the garden shop during the upcoming Home & Garden Tour. You can sign up by contacting one of the Tour co-chairs, Lois James, Carla Maurer or Camille Kuri.

Program chair Bronwyn Pierson introduced the speaker. Andrew explained that his interest in growing vegetables from seed was borne out of a desire for a healthier lifestyle and his preference for organically grown vegetables. In January 2017 he turned his passion into a seed-saving business to preserve species of vegetables and to create a diversity of plants. Visit Andrew's website [www.heritageseedco.com](http://www.heritageseedco.com) for more information.

## **Hudson Garden Club March General Meeting**

***"Green Roofs & Northeast Ohio  
Plant Options"***

**Thursday, March 21, 2019**

**Social Time: 6:45pm**

**Program: 7:00pm**

**Laurel Lake Community Room**

Back by popular demand Garden Club member Len Lampert will discuss the difference between green and vegetable roofs focusing on design options, advantages, required maintenance and sustainability. Len will also include plant options to use in our Northeast Ohio climate with the help of photos and illustrations (with the bonus of two projects completed by Len). This program will be the best night for any gardener dreaming of a green roof.
