

### THE PRESIDENT'S MESSAGE

*Floral Arrangement on the Mantel  
in the Billiards Room at Stan Hywet*

November is the time to clean up the garden and get things in order. The more work done now....the less we have to do in the Spring.

With that in mind, I am getting my job cleaned up and organized to hand the reins over to our in-coming President, Carla Maurer. This includes filling our board positions and I ask you to please consider donating your time and talent to our club.

The volunteer opportunities come in all different shapes and sizes — depending on your interests. If you are able or would like to contribute the name of a friend that should be contacted....give me a call [\(330\) 612-4879](tel:3306124879).

Thank you,

*Bronwyn*

### "INSPIRATION IN BLOOM REPORT"

*Barb Earnhardt, Floral Arranging Chair*

For this Fall 2015 "Inspiration in Bloom" at Stan Hywet, Mr. Phil Pheasant made a spectacle of himself, strutting his stuff(ing), posing right in front of the floral designs created by Fern MacMillan, Carole Smith and Barb Earnhardt. He had that "aren't I handsome?" look in his eye and felt right at home in F. A. Seiberling's Billiards room! The flower arrangements were displayed on the game table and mantel (mantel design shown above in the President's Message). They showed off the best of Autumn offerings from some of our members' gardens. Sue L'Hommedieu, Carole Smith, Fern MacMillan, Lois James, Barb Earnhardt and Wendy Hilty contributed sea oats, coleus, milkweed and butterfly weed pods, gold mop false cypress greenery, Mina lobata (Spanish Flag vine) flowers, Japanese lanterns, yarrow, monkshood, wild honeysuckle branches with berries, brown capped mushrooms, buckeyes, bittersweet, arum and jack-in-the-pulpit berry clusters/seed heads, beauty berry, goldenrod, and flowering kale. Accessory material included dried wheat stalks, gourds, pheasant feathers (not from Phil), preserved oak leaves, peeling birch logs, pinecones and green acorns. The arrangement also included special "fantasy flowers" made from gourds of various sizes with "stems" of green bamboo and "centers" of acorn caps and buckeyes. By participating in this event, HGC donates time and talent to the community and visitors to Akron's first and largest National Historic Landmark and is given the opportunity to advertise our 2016 Home & Garden Tour. To our delight, someone declared the arrangements "look like a Robert Laessig painting." Hope you had a chance to see the designs in person! If not, the Stan Hywet Hall & Gardens Facebook page posted (on October 1) a photo of our arrangement, as well as the other designs, with credits and a thank you for the participants.

## CLEVELAND MUSEUM OF ART TOUR OF MONET EXHIBIT

*Barb Earnhardt, Field Trip Chair*

A group of us went to the Cleveland Museum of Art on Sunday, October 11 to hear a talk given by Professor Eric Haskell, "Easels in Eden: Monet's Gardening and Painting at Giverny" and then to see the Painting the Modern Garden: Monet to Matisse exhibit. Dr. Haskell knows and loves France, gardens, garden history; his photos are well-composed, his deep knowledge of the subject and his wit were engaging. Some comments from our group who heard Dr. Haskell: "a passionate artist's story delivered by a man equally passionate about his work, told in a genuinely personal and knowledgeable manner, captivating and entertaining a SRO audience, painting with his words, French to English, English to French the scope and sequence of Monet's work."

We must share with you what a special occasion this exhibition is! The paintings are, of course, beautiful, masterful, priceless, and all inspired by gardens and life in the outdoors, full of flowers, foliage and garden scenes. This unique exhibition will only be seen at two venues: our own Cleveland Museum of Art and the Royal Academy of Arts in London. The highlight is, of course, the 42-foot Agapanthus Triptych painted by Monet. He began work on this in 1915 and continued to rework and change the composition of the triptych until his death more than ten years later. After Monet's death, the three panels of Agapanthus remained in Monet's studio until the mid-1950s and then one was purchased by the CMA. Consider that these panels survived the German occupation of France and the Nazi destruction and art thieving in WWII to end up in the USA! Trivia question that will be answered if you attend: Why is this work called the Agapanthus Triptych when there are waterlilies but no Agapanthus in it?

We recommend this exhibit to you! It is open until January 5, 2016. See [clevelandart.org](http://clevelandart.org) for more information and tickets.

## Civic Report

*Sherry Beam, Civic Chair*

With the milder weather staying with us for the most part, with just a couple of frosts to date, we have pushed back doing the final fall cleanup in the gardens on the Greens. The mums, asters and kale have added a rich and colorful addition to the borders and also the Clocktower, and we are enjoying them as long as possible.

Even in our own gardens, many of the plants are trying to rebloom, begging us to leave them a little longer to be enjoyed. Enjoy the beauty of this season.

## October General Meeting Minutes Thursday, October 15, 2015

Tonight's potluck dinner was enjoyed by 22 members and guests. Delicious food and social time preceded the general meeting. President Bronwyn Pierson called the meeting to order at 7:20pm and welcomed 28 members and guests.

Bronwyn reminded those present to renew their memberships as they are now due. Judy Mikita, Membership Chair will be making reminder phone calls later this month.

Dot Reid received tonight's flower arrangement in celebration of her birthday. Those present sang Happy Birthday to her. Tonight there was a second flower arrangement which Vice President Carla Maurer presented to Bronwyn with condolences upon the loss of her mother, long-time HGC member, Ann Malthouse.

Nathan Edge was then introduced. He is the Garden Manager at Hattie's Gardens which is a part of Hattie Larlham, a non-profit organization specializing in vocational training for adults with disabilities. Nathan gave an inspiring talk and slide show about the garden philosophy, the organic nature of the work and their involvement with the surrounding communities.

The meeting was adjourned at 8:15pm.

Respectfully submitted,  
Beth Lawrence, Recording Secretary

## HERBAL DREAM PILLOW WORKSHOP

*Sherry Beam, Herb Group Chair*

For centuries, the fragrance of herbs has been captured in pillows and sweet bags. Dream Pillows are a craft from the 1700s. People used herbs and flowers in mixes to affect their dreams. Dream pillows contain quiet, subtle fragrances (they are not potpourri). The dream blends we will be using consist of carefully selected herbs, flowers and leaves that are combined and before being added to the bag, are left in an airtight container — so the fragrances blend. The Dream Pillow itself is a small bag or pillow made of cloth and filled with herbs. This is then tucked inside your pillowcase. The herbs will be slightly crushed as you sleep and they will release subtle aromas.

We first made Dream Pillows about a dozen years ago and they are still one of my favorite things. I still have some that when not in use I keep in zip-lock bags and to this day they still have retained some of their scent.

A lot of work has to be completed prior to the workshop, including finding sewers for both the muslin bags and their covers. The finished product is about 5 by 6 inches. We also need to order the herbs (most are ones we don't grow or have on hand) so we need to know in a very short time how many we will need.

We will be happy to take orders for those who may want to give them for gifts for the upcoming holidays and we will be able to have those ready in early December. I will be sending a separate email for that once we have a plan of action and a price point (which should be under \$10).

Please mark your calendars for **Friday, November 20 at 9:00am**. We will meet at the Library in the North Meeting Room. Those who have registered will be adding the filling and herb blend to the bags; finish hand stitching them closed and choosing a pillow cover to put them in.

If you like to sew, please let me know. Please RSVP as soon as possible, **November 10** is the deadline, but we will need an idea of how many pillows are needed to set a price. RSVP to [sherrybeam@hotmail.com](mailto:sherrybeam@hotmail.com) or (330) 573-6353.

## NOVEMBER FIELD TRIPS TO SUNCREST GARDENS

*Barb Earnhardt, Field Trip Chair*

## **HUDSON GARDEN CLUB November General Meeting**

**"Learning About Amaryllis Flowers"**

**With Barb Earnhardt & Bronwyn Pierson  
Thursday, November 19, 2015  
Social Time: 6:45pm  
Program: 7:00pm  
Laurel Lake Community Room**

Please join us for an interesting program about the beauty, history and propagation of Amaryllis flowers, and how to get the most out of this showy and foolproof bulb, year after year. If you have cared for a bulb from last year, feeding and watering the plant with its strappy foliage, you will learn about the method for successful reblooming. We have placed our order for those members who wanted new bulbs for this season and we will have a good size group potting them at our HGC monthly meeting at the end of the program on November 19. There may even be a few extra bulbs for last minute requests.

If you placed an order and will be potting your Amaryllis on November 19, please be prepared to bring your own garden gloves; apron; special container, if desired; bag/box to take your bulb(s) and pot(s) home.

HGC will provide: plastic pots (recycled from the civic gardens plants), potting soil and bulbs that you ordered.

Payment of \$10 per bulb (payable to HGC) is due that night. To pick up your bulbs if you cannot make the program contact Barb Earnhardt at [barb.earnhardt@yahoo.com](mailto:barb.earnhardt@yahoo.com) or (330) 653-3831.

## UPCOMING CMA LECTURES OF INTEREST

*Barb Earnhardt, Field Trip Chair*
