

## **Gardening Book Donations to the Hudson Library in 2020\***

### Memorial Books

*New Plant Parent: Develop Your Green Thumb and Care for your House Plant Family* by Darryl Cheng for Janet Satava.

*Propagating Plants: How to Create Plants for Free* by Alan Toogood for Dick Schultz.

*The Well Gardened Mind: Rediscovering Nature in the Modern World* by Sue Stuart-Smith for Dot Reid.

*Secret Gardens of the Cotswolds* by Victoria Summerly for Katy Williams.

*Bringing Nature Home* by Doug Tallamy for Luther and Jean Rhine.

*A White House Christmas* by Laura Dowling for Nadine Hursham.

*In the Garden. A Children's Book* by Emma Giuliani for Agnes Tercek.

\*We restricted our donations to only memorial books in 2020. No general gardening books or magazines were donated. This was because our fundraiser, The Hudson Home and Garden Tour, was canceled in 2020 and the library was closed part of the year due to the Covid pandemic.
