President's Message

Hello Hudson Garden Club Members:

June is a VERY busy month for our organization as our two fundraisers of the year take place.

First is our 74th Home and Garden Tour on June 17 and 18th. For the first time since 2019, we will be touring inside several very interesting homes as well as gardens and outdoor living spaces.

Then on Saturday, June 25th is our Garden Gathering, a lovely summer evening garden party with a wonderful menu of appetizers and cocktails at the home of Jan and Ray Dalton.

Both of these fundraisers support our grants, scholarships, tree plantings, youth programs and much more! So while providing a very enjoyable time you are helping our organization give back to the community.

Even if you can't attend you can still purchase a ticket, knowing that your donation will make a difference! If every member purchases a ticket to the Home and Garden Tour, we would raise nearly \$8,000 just from our members!

Happy summer, and thank you for supporting our fundraisers.

Jan Lindstrom

Spring 2022 Plant Exchange

May 17th was everything you could ever hope for when holding a Plant Exchange. We had the perfect weather, the variety and quality of plants were in wonderful condition, labeled, and so healthy!

We all were so happy to be together, and have the opportunity to see friends and so many new faces - we had a really great crowd!

The 'Choice Selection' table was filled up (a rarity) with unusual trees, shrubs, plants, specialty tubers and bulbs and every table had many plants. All together, we had well over 300 plants!

Daniela Baloi and Barb Earnhardt, representing 'Gardener to Gardener', mingled among the crowd answering questions and sharing plant information. Thank you.

The very, very busy volunteers: Mary Gallo, Judy Maupin, Linda Horvath, Jenn Scheeser, Joyce Sutterer, and Deborah Pineau did a great job. They helped unload vehicles, carry plants, check them in, completing label, tagging the 'choice selection', and getting all things brought to the tables. Kudos to them - their help made all the difference.

For all those who came and brought plants to share, plants found new homes very quickly.

Mark your calendars for Saturday, September 17th - we'll be looking forward to seeing you at our Fall Exchange.

Herb Group Adventures

We recently had our first Herb Group field trip since 2019, and are now ready to go on many others!

On May 19th we met and carpooled to Mulberry Creek Organic Herb Farm in Huron. Mark and Karen Langan warmly greeted us and after giving us a rundown on the area, turned us loose. I had explained that we should try to only have two people per vehicle because

we were definitely buying a lot! By the end of the day...all the vehicles were full!

Their catalog is one of the best out there and I'm always trying new things each year.
<https://mulberrycreek.com/>.

As we were each checking out, Mark put plants that might have been affected by the predicted cold spell a couple days later or some vegetables that needed to wait a little longer to be planted in a separate box and gave instructions. You just don't get those special touches at the big box stores!

After leaving Huron we headed to Wellington to Hook's Greenhouse, which I first saw on Facebook and it sounded great. It's also family owned and very well run. It had a wonderful wide and diverse plant selection. The staff was so friendly and helpful, and many of the big pots and flats filled our vehicles.

We headed to Fort's Old Tavern in Wellington to enjoy a fun lunch and catch up on what everyone bought, and ideas on more programs, adventures, meetings and workshops for the summer.
